

# sunpura

## Portable Power Station

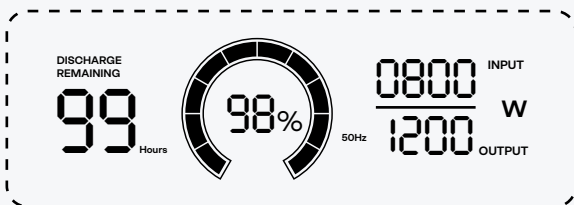

- 2048Wh Huge Capacity - reliable standby power
- 13 Ports Output - support UPS
- High Quality Car Powerful Cells - UN38.3 safety certificates
- Battery Management System - multiple protect systems
- Multiple Output Type For Different Devices At The Same Time
- ABS Material Shell - 94V0 against fire

**2400W**  
Rated Power

**2048Wh**  
Huge Capacity

### Real-Time Energy Monitoring

### 3 Charging Mode

## Usage Time Of Devices

Car Refrigerator (60W)  
**34 Hours**

Mobile Phone  
**75 Times**

Electric Drill (900W)  
**1.5 Hours**

Switch (16W)  
**116 Hours**

Coffee Machine (600W)  
**2.5 Hours**

Laptop (40W)  
**31 Times**

Electric Fan (40W)  
**40 Hours**

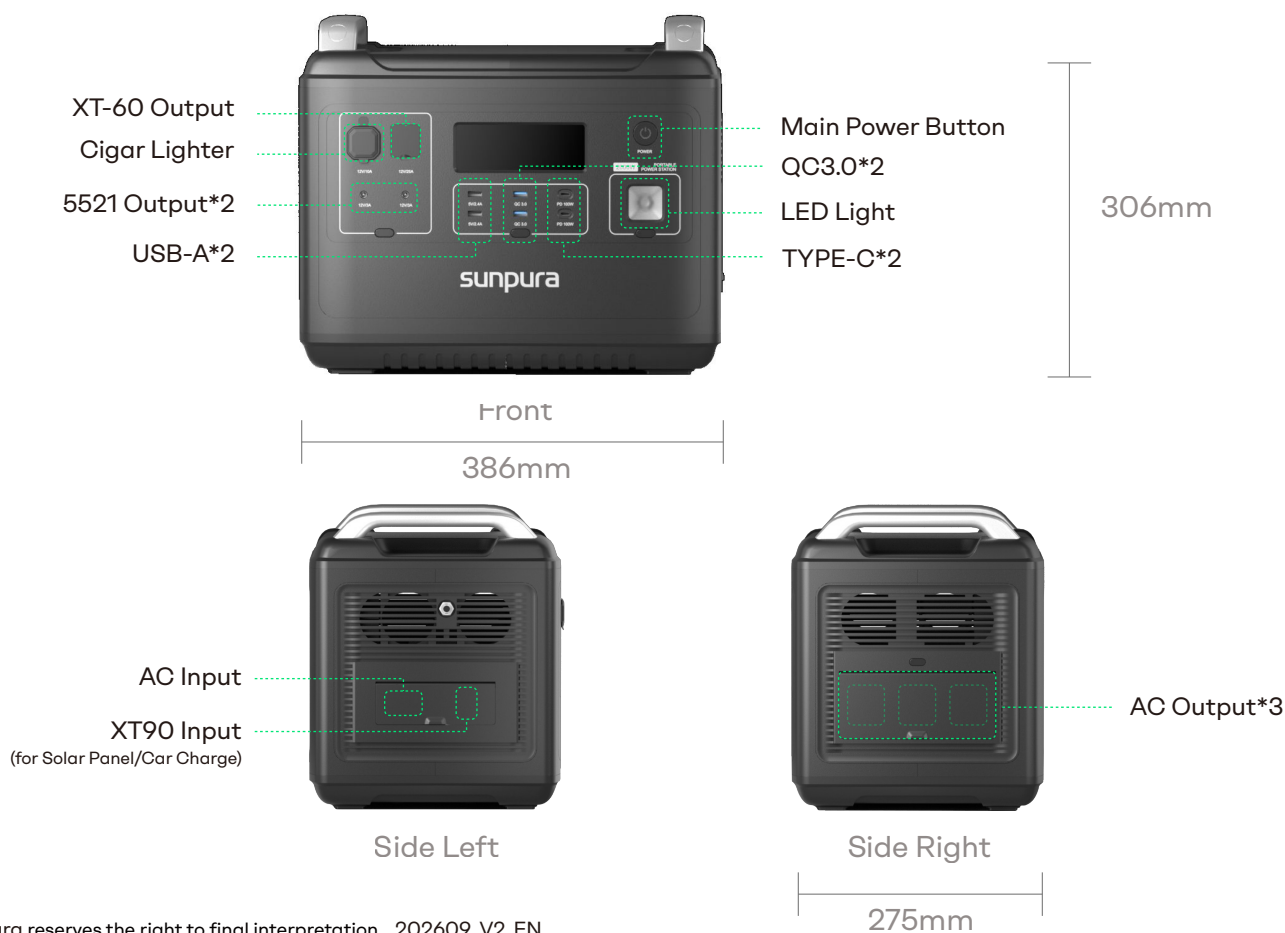

Light (10W)  
**159 Hours**

# Technical Parameters

| MODEL               | N079                                                                                 |
|---------------------|--------------------------------------------------------------------------------------|
| Capacity            | 2048Wh                                                                               |
| Battery Spec        | EVE Brand LiFePo4 Battery #40135                                                     |
| Battery Cycles Life | 4000+                                                                                |
| Dimensions & Weight | 386*275*306 mm & 22KG                                                                |
| AC Charging Time    | 2.2 Hours / 1100W Input Power                                                        |
| USB Output          | QC 3.0 *2(USB-A) / 5V/2.4A*2(USB-A) / PD 100W *2(Type-C)                             |
| Charging Modes      | AC Charging / Solar Charging(MPPT) / Car Charging                                    |
| AC Output           | 2400W*3 Ports                                                                        |
| UPS Mode            | Switchover Time<10ms                                                                 |
| DC Output           | DC5521(12V/3A)*2 / XT60(12V/25A)*1                                                   |
| Working Temperature | -10°C~45°C                                                                           |
| Ingress Protection  | IP20                                                                                 |
| Warranty            | 2 Years                                                                              |
| Cigar Output        | 13.6V/10A*1                                                                          |
| Certificates        | CE/EMC, RED, LVD, CB, ROHS, REACH, UN38.3, MSDS, Transportation of Goods, IP20, WEEE |
